# UNLEASH THE POWER OF NEXT-GENERATION INFOTAINMENT.

## VARROC IVI – SMART. CONNECTED. INTUITIVE.

Varroc IVI (In-Vehicle Infotainment) is our next-generation infotainment system, tailored for modern vehicles and tech-savvy drivers. More than just a display, it serves as the digital hub of the modern driving experience by blending entertainment, navigation, safety, and telematics into one unified platform. With its high-performance hardware, Full HD visuals, and advanced technology integrations, this infotainment system not only entertains but also informs and empowers the driver—setting a new standard for connected mobility in the aftermarket space. Varroc IVI ensures you're always informed, entertained, and in control.

The Varroc Intelligent Cockpit Solution is your all-in-one upgrade for a smarter, safer, and more immersive ride. Varroc IVI is available in three premium screen sizes to suit diverse dashboard configurations and user preferences:

**9-INCH
10.33-INCH
12.33-INCH**

# BRILLIANCE@SCALE
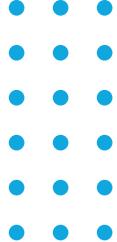

# Specifications & Features
