

Terms and Conditions for Cloud Storage and IoT Data Collection

Introduction

At Varroc Engineering Limited ("Varroc," "we," "our," or "us"), we are committed to protecting the privacy and confidentiality of the information provided by our website users ("you" or "your"). This Data Protection and Privacy Policy ("Policy") outlines how we collect, use, and protect your personal and business-related information when you visit our website <https://app.varrocsmartmobility.com> (the "Website").

By using our Platform, you agree to the practices described in this Policy. If you do not agree with any part of this Policy, please refrain from using the Platform.

1. Use of the Platform

1.1 Purpose

- The Platform is designed to collect, process, and store data from IoT devices that monitor and manage driving systems. This data is used to improve driving safety, enhance vehicle performance, and provide real-time monitoring.

1.2 Eligibility

- The Platform is intended for use by automotive manufacturers, service providers, and related entities involved in the development, management, and operation of DRIVING. By using the Platform, you confirm that you have the authority to bind your organization to these Terms.

1.3 User Conduct

- You agree to use the Platform in a manner that complies with all applicable laws and regulations. You must not use the Platform to store or transmit any data that is unlawful, harmful, or violates the rights of others.

1.4 Account Registration

- If the Platform requires account registration, you are responsible for maintaining the confidentiality of your account credentials. You agree to notify us immediately of any unauthorized use of your account.

2. Data Collection and Usage

2.1 IoT Data Collection

- The Platform collects data from IoT devices connected to DRIVING systems, including but not limited to vehicle performance metrics, sensor data, and environmental conditions. This data is collected to improve the safety and efficiency of DRIVING systems.

2.2 Data Ownership

- All data collected from IoT devices is owned by the entity that operates the IoT devices, subject to any agreements between you and other parties. We do not claim ownership of the data but are granted the right to process and store it as described in these Terms.

2.3 Data Usage

- We use the collected data to provide, maintain, and improve our services, develop new features, and enhance vehicle safety. Data may also be used for analytical purposes, subject to anonymization where required.

3. Warranties and Disclaimers

- The Platform is provided on an "as is" and "as available" basis. We do not warrant that the Platform will be error-free, uninterrupted, or that all data will be accurately collected or stored.

4. Limitation of Liability

- To the fullest extent permitted by law, we shall not be liable for any indirect, incidental, special, consequential, or punitive damages arising out of or related to your use of the Platform.

5. Changes to the Terms

- We reserve the right to update or modify these Terms at any time. Any changes will be effective immediately upon posting on the Platform.
